Major Driving School LLC - In Car BTW Instructor Observations

Student Name

Dear Parent/Guardian/Mentor,

This is a general idea of how your child is doing. If possible, please discuss the information with your child and initial the appropriate box. A "+" is above average, a blank space is average, and a "check mark" indicates that your child is below average and needs to improvement.

_		1	2	3	4	5	6	eval	
	I. Starting/Stopping								1. Maintains speed
	1. Accelerates smoothly								2. MSH (Mirror,signal,headcheck
	2. Stops Smoothly								3. Smooth transition
	3. Stops at stop line								V. Speed Control
	II. Steering Control								1. Stays under speed limit
	1.9 & 3 hand position								2. Maintains constant speed
	2. Hand over hand steering								3. Aware of speed of car
	a. Proper position								VI. Expressways - On
	b. Proper release, "sliding"								1. 25mph "on ramp"
	3. Keeps car in center.								2. Signals early
	4. Smooth control								3. Strong acceleration
	III. Turning								4. Stays to right, follows right line
	1. Signals properly								5. MSH (Mirror, signal, head check
	2. Approaches at 10 mph								6. Gradually enters traffic in gap
	3. Proper release "sliding"								VII. Expressways - Off
	Left turns								1. Signals - green exit sign in view
	1. Waits for oncoming traffic								2. MSH (Mirror, signal, head check
	2. Rounds corner properly								3. Maintains speed til off
	3. Turns into proper lane								4. Adjust speed when off
	Right turns								VIII. Over All Performance
	1. Stays next to curb 3ft.								1. Following distance (3 seconds+
	2. Proper release "sliding"								2. Critical Thinking
	3. Accelerates properly								3. Problem Solving
	*Overall Awareness								4. Overall Smoothness
	*Attitude								OVERALL PERFORMANCE (1-10)

Dear Parent or Guardian:

CONGRATULATIONS! It is my recommendation that, _______after completing at least 6 hours of behindthe-wheel instruction, has acquired the knowledge, skills, and attitude at or near a proficient level to operate a motor vehicle upon a highway transportation system accompanied by a licensed parent/guardian or adult age 21 or over.

The **next step** will be for you and your teen to visit the Secretary of State branch office and apply for the Level 1 License. It is important that parents provide at least 50 hours of the required supervised driving practice with their teen. To help give you the tools and guidance necessary to teach your teen safe driving skills, you will receive *The Parent's Supervised Driving Guide* (SOS-191) when applying for the Level 1 License.

While many safe driving skills have been practiced during the course, there has not been sufficient time for the student to become an accomplished driver. Please continue to practice all phases of driving under your guidance to further develop their skills and judgments.

- 2 = **Proficient** Consistently performs driving goals without error under supervision. Instructor did not need to provide verbal instructions or support.
- 1 = *Needs Improvement* Beginning to show goal performance without errors. Starting to need less verbal reminders from instructor.

	_ Driver preparation and procedures	 Changing lanes in traffic
	_ Driving in adverse conditions (rain, snow, fog, etc.)	 Passing other vehicles
	_ Residential driving	 Stopping and accelerating smoothly
	Driving on the highway (2 or 4 lane with speeds _ up to 55 mph)	 Negotiating intersections (yielding, turning and visual checks)
	Responding correctly to traffic control devices (signs, signals, lane markings)	 Space Management – S.E.E. (Search, Evaluate, Execute)
	_ Driving in moderate, in-town (suburban) traffic	 Parking: Indicate type:
	_ Driving in a business district with heavy traffic	 Backing (in a straight line and while turning)
	Driving on the expressway with speeds up to 70mph _ (entering, driving on and exiting)	
Com	ments:	

Do not hesitate to contact me if you have any questions.

Sincerely,

Driver Education Instructor
